# WHAT AWAITS YOU

Experience and discover one of the most stunning kitesurfing & winging destinations in the world! The Exumas offer crystal-clear waters, secluded islands, and perfect wind conditions for a truly unique kitesurf adventure.

Whether you're a beginner or advanced rider, this kitesurf cruise will take you to dreamlike spots, guided by our professional team who know the best locations and anchorages inside out.

Your floating home is a modern sailing catamaran that comfortably takes you from one paradise to the next.

**Boarding:** Saturday evening at 6:00 PM — **Our route:** From Nassau, we'll visit several spots in the east before heading south towards Black Point and Staniel Cay. The exact route depends on wind and weather conditions — but crystal-clear blue water, endless sandbanks, and the famous swimming pigs are guaranteed!

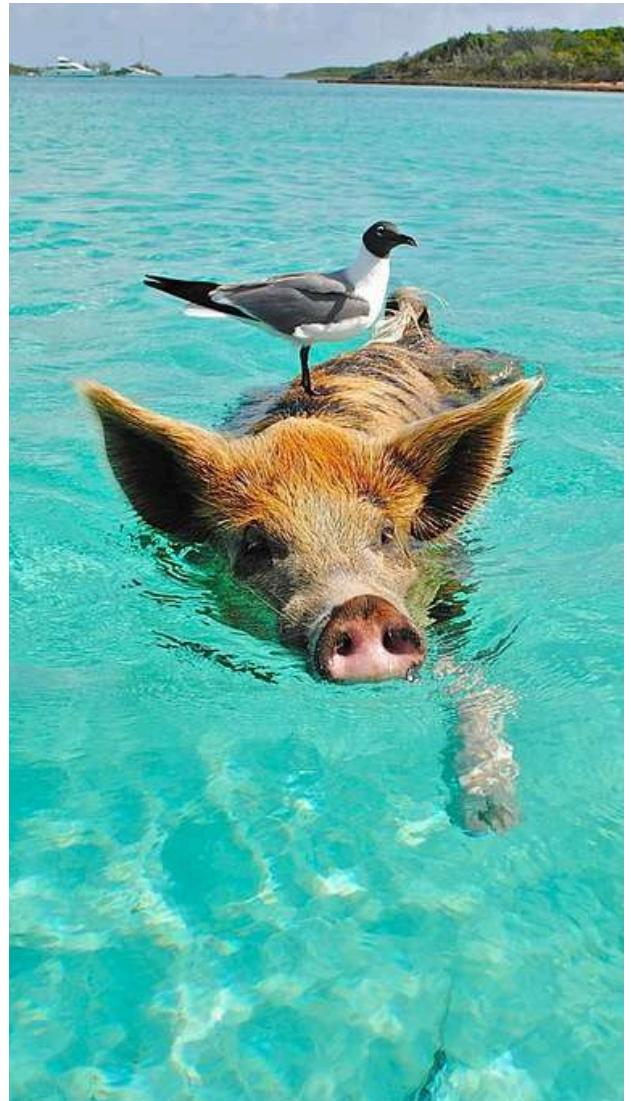

# BECOME PART OF OUR TRIPS!

The most amazing part about kitesurfing on a catamaran is the ability to escape the crowds and kite on deserted beaches.

# THE BAHAMAS

The Bahamas is considered by many sailors the most beautiful place to sail in the Caribbean and the world. It is a dream destination for kitesurfers. With consistent winds ranging from 14 to 22 knots during north winds—every day is an opportunity for exhilarating rides. Picture yourself gliding over pristine flatwater spots or carving waves on deserted beaches with the safety of our dinghy boat nearby.

Water temperatures remain inviting year-round, averaging 24 to 28°C (75 to 82°F), so all you need is a shorty wetsuit for those occasional strong-wind days. With over 700 islands and cays to explore, you'll always find uncrowded and untouched kitesurfing spots, far from the bustle of popular beaches.

# YACHT LAGOON 40

This luxurious, 4 double-cabin catamaran sleeps 8 guests + crew. Each cabin has a private bathroom, 220 V/USB plugs, and air conditioning. It offers room for sunbathing & socializing, and is equipped with a fresh-watermaker.

# INCLUDED SERVICES

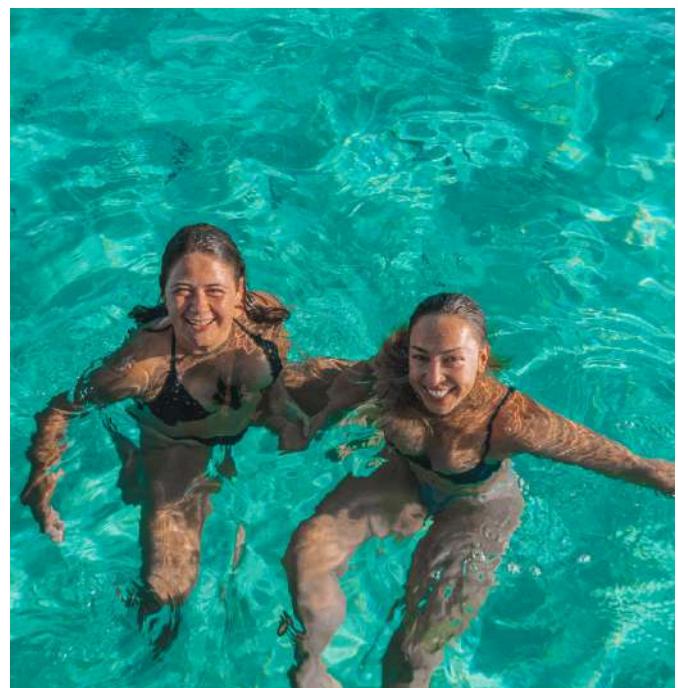

Sufficient and healthy meals — breakfast, lunch, and dinner — as well as snacks are provided.

We love to start the day with a morning workout, of course on a voluntary basis.

Launch and landing assistance, rescues with the speedboat, professional support, and coaching ensure safety and progress.

Sailing coaching with our professionals, spot guiding, route planning, and daily activity scheduling ensure experiences 24/7.

# SIDE ACTIVITIES

The Bahamas boast one of the largest, most stunning, and diverse underwater ecosystems in the world. Explore endless species of fish, sharks, eagle rays, turtles, dolphins, and vibrant coral gardens. Swim alongside them and experience the magic beneath the waves.

Island-hop with us to meet the famous swimming pigs, hike on deserted islands, discover hidden coves, and dive into underwater wrecks... all while enjoying unforgettable moments with an amazing group!
